

\*The following list of consulting foresters is not an official MSU Extension list, nor is it all-inclusive. It may reveal inaccuracies due to difficulties in maintaining an updated list. Please notify the source of this list of corrections. The list contains independent consultants, but no timber buyers, brokers or dealers.

## Consultant Forester List

Professional consulting foresters are available on a fee basis for forest management (FM) planning and timber sales, timber appraisals, timber stand improvement, tree planting, and other assistance related to forest land use and management. Some provide urban forestry assistance (Urban), wildlife habitat management (WM), and Christmas tree management (Xmas) assistance. Some are certified Forest Stewardship Program (FSP) plan writers. Some provide Expert Witness (EW) services in lawsuits.

Comments: Foresters are often members of national or state professional associations that may be taken as a benchmark of quality. Some of these include: MACF: Michigan Association of Consultant Foresters ACF: (national) Association of Consultant Foresters, CF: Certified Forester under the national Society of American Foresters, MFPA: Michigan Forest & Park Association (urban forestry), ISA: International Society of Arboriculture (national urban forestry), and #XXX: Michigan Registered Forester number. Note that any forester can obtain Michigan registration.
