

FEEDBACK/COMMENT FORM

DRAFT

Upper-2 Shiawassee River Watershed Management Plan

This form provides you an opportunity to contribute your feedback and comments on the draft version of the Upper-2 Shiawassee River (USR) Watershed Management Plan (WMP). The deadline for feedback for consideration for incorporation into the WMP is Wednesday, **September 28th, 2005**.

This plan has been developed through the cooperation of the USR Watershed Advisory Group (WAG) which includes members from the Livingston County Drain Commission (LCDC), Livingston County Road Commission (LCRC) and the Townships of Marion, Oceola, Hartland, Howell, and Tyrone. Contributions from Genoa and Highland Townships were also included as they are secondary Phase II-permitted communities that share portions of the watershed.

Please outline your comments and suggestions regarding the USR WMP in the spaces below. You may send your responses back to the following contact persons:

Water Quality Concerns:

Are there any concerns as it relates to water quality of local lakes, streams, wetlands, etc. that are not addressed in the plan, or you feel were lacking in the plan?

Natural Resource Concerns:

Are there any topics relating to natural resources that are not adequately addressed or you feel were not addressed in the plan?

Management Strategies:

Are there any management strategies you feel are not applicable to the watershed, or are there strategies you would like to see incorporated into the plan (See Chapters 7 and 8 for details on the recommended management strategies)?

Other Concerns/Feedback:

Please provide additional feedback on the content of the plan that you feel needs to be addressed or improved upon.
